Type Clearance Req.:	Secret
Salary:	Based on experience
Availability:	01/05/2019

ENSPYR, LLC has one (1) opening for Munitions Technician to provide contractor on-site support at Al Dhafra AB, United Arab Emirates. Apply now to this posting for immediate consideration.

Position Summary: The Munitions Technician contractor shall receive, store, inspect, test, transport, and maintain U.S. Air Force (USAF) Munitions, Munitions Material Handling Equipment (MMHE), and supporting resources as applicable to the Site. Carries out all duties in accordance with Prime/Subcontractor ISO 9000 Quality and Safety Standards.

Job Responsibilities:

(Typical duties include the following, although specific duties vary by assignment or contract.)

- Consistently observes and enforces all USAF and host nation explosives safety, AFOSH, and security standards during all explosives and non-explosives operations in assigned sites and temporary duty locations.
- In the event of an emergency, takes necessary control and timely response actions.
- Conducts all munitions work according to established quality processes, identifying potential problems and recommending solutions.
- Reconditions, repairs, and replaces defective or missing parts of munitions and containers.
- Performs munitions storage actions according to the stringent explosives standards.
- Conducts warehouse inventories and corrects any discrepancies.
- Works closely with operations personnel to resolve any serviceability and accountability issues noted during warehouse operations.
- Prepares and configures munitions shipments for air, sea, and surface transportation.
- Uploads/downloads trucks with incoming and outgoing munitions shipments.
- Assists inspecting munitions in accordance with 11A-1-10 and applicable technical orders.
- Assists inspecting munitions brass, residue, and containers in accordance with 11A-1-60.
- Operates assigned Combat Ammunition System (CAS) as is applicable to Site's processes.
- Inspects, operates and performs maintenance on light vehicles and handling equipment such as, forklifts, pallet jacks, and manual hoists.
- Inspects and operates metal strapping equipment, stencil machines, heat sealers, pneumatic paint guns, air compressors and power tools.
- Inspects and perform minor maintenance on facilities and installed equipment. Cleans vehicles, equipment and facilities.
- Prepares and delivers general and explosives safety briefings.
- Performs other duties assigned by the Munitions Crew Chief or senior supervisor
- Works necessary hours, to include stand-by duties, to support mission requirements during peacetime and contingencies.

Important Notice: The above is a brief summary of job responsibilities and is not an exclusive or exhaustive list of all job functions that a team member in this position may be asked to perform.

Desired Knowledge, Skills, and Abilities (KSA):

- Must be a U.S. Citizen and possess/maintain unexpired U.S. Passport.
- Must have and maintain an Active U.S. Secret Security Clearance.
- Must have and maintain valid U.S. state driver's license and International Driver's Permit (if required by host nation).
- Ability to pass host nation medical examinations.
- Ability to obtain and maintain host nation visa/residency card.
- Ability to obtain and maintain a host nation's driver's license for personal and special purpose equipment/vehicles.
- Must be experienced in the operation of forklifts and tractor trailers.
- Knowledge of the USAF Supply and Tech Order systems.
- Four years of experience on military munitions; combined experience on storage, maintenance and inspection procedures, to include CAS, for munitions and MMHE.
- Additional experience/education may be required by contract or assignment.
- Ability to read, write and communicate effectively in English.
- High school degree or equivalent.
- Computer proficient.
- Knowledge and proficient in Microsoft Word, Excel and Outlook software.
- Have normal color perception and depth of vision.
- Physically capable of performing all required duties; capable of lifting/pushing/pulling 50 lbs and perform extensive work using handling/lifting equipment.
- Personnel should be aware of moving on short notice and under adverse conditions.
- Living and working conditions at the assignment location could be remote and uncomfortable.
- Long hours to include stand-by duties, exposure to extreme weather and hazardous conditions.

Travel:

- Available as needed for temporary duties at other locations.

How to Apply: After reviewing the position, go to https://www.indeedjobs.com/enspyr-llc/_hl/en_US to apply online by attaching/uploading your resume with your Verification of Military & Education Training (VMET). You can access your VMET at <https://www.dodtap.mil/login.html>.
